

Bruce Lin

Computer Science Student & Full-Stack Developer

(437) 988-4102 · email@brucelsprouts.com · brucelsprouts.com · github.com/brucelsprouts · linkedin.com/in/bruce-lin-6284b323b

EDUCATION

Western University

London, ON · 2023–Present

Bachelor of Science, Computer Science · Expected Graduation: Spring 2027

TECHNICAL SKILLS

Languages	TypeScript · JavaScript · Python · Java · Rust · SQL · PHP · HTML · CSS
Frameworks	React · Next.js · React Native (Expo) · Tauri · Vite · Tailwind CSS · Three.js · GSAP
Tools & Platforms	Git · Supabase (Postgres) · Node.js · Vercel · Oracle Cloud · Linux / Unix · Claude Code
Creative	After Effects · Premiere Pro · Photoshop · Blender

PROJECTS

Deckira

Website live · App Store release in progress

Tauri · React · TypeScript · React Native (Expo) · Supabase

- Co-developing a spaced-repetition flashcard app for students on web, desktop, and mobile.
- Own the front end (FSRS scheduling, offline sync, media cards) and contribute to the Supabase backend.

Tempo

github.com/brucelsprouts/tempo

Next.js · TypeScript · Supabase · Tailwind CSS

- Built a calendar with no month pages: one virtualised, continuous scroll of week rows.
- Stored each recurring event as one RFC 5545 rule, expanded at render time instead of per date.

Brucekit

github.com/brucelsprouts/brucekit

Tauri · Rust · React · TypeScript

- Built a keyboard-first Windows launcher: clipboard history, OCR, and a focus timer behind one hotkey.
- Runs fully local, with no backend or telemetry.

Personal Portfolio

brucelsprouts.com

JavaScript · Three.js · GSAP · HTML · CSS

- Hand-built without frameworks: a Three.js hero, GSAP scroll animation, and a low-power mode.

EXPERIENCE

Lead Developer, Designer & Facilitator

Apr–Aug 2026

Toronto STEM Exploration Camp · tsecamp.ca

- Built and shipped the camp website solo for a STEM camp serving under-resourced youth.
- Designed the camp logo and visual identity, carried through the full site.
- Facilitated on-site STEM sessions and kept daily schedules on track.

Freelance Video Editor

Mar 2024–Present

AMG

- Edit client video in After Effects and Premiere Pro: motion graphics, compositing, transitions.
- Started as an on-site intern in 2024; now freelance across several concurrent projects.

English Tutor

2021–2023

Ignite Youth Club

- Tutored students in English reading and writing, adapting to each learner.
